A GLIMPSE INTO BOLLYWOOD BY RISHI VOHRA

If you are a fan of anything related to Bollywood, you should pick up *HiFi in Bollywood*, a new novel written by Rishi Vohra, who previously authored *Once Upon the Tracks of Mumbai*. The story is about an aspiring film maker who runs away from his home in California, USA, and arrives in Mumbai with the aim to make it big in Bollywood. Rishi tells us, "The protagonist's journey into the film industry mirrors my own in some ways and the message is a simple one – what we want is ours for the taking, provided we are bold and want it enough to reach for it." The book costs ₹299.
